Using the FrameSecure® Metal Frame Security System with a TrackMaster™ Picture Hanger

1. Install your frame as usual using a TrackMaster™ Picture Hanger

3. Place FrameSecure

4. Hang frame on the TrackMaster™ Picture Hanger again, adjusting the side-to-side position to the right placement.

5. Mark the hanger locations on the wall by "whumping" the frame at the corners. On concrete walls, place a piece of masking tape where the locator pin makes contact. The pin will make a dimple.

6. Attach the hangers to the wall with the included screws and wall anchors, positioned as shown.

7. Place frame back onto the TrackMaster™ Picture Hanger. The FrameSecure® fits into the metal frame rails. Rotate the
